

GERGEN'S ORTHODONTIC LAB

MOVING FORWARD TODAY WITH CUTTING EDGE TECHNOLOGY.

GERGEN'S IS PROUD TO ANNOUNCE THAT
WE HAVE JOINED THE DIGITAL MODEL
PRINTING FIELD

By virtually eliminating the need for physical impressions, this state-of-the-art system reduces chair time, and cuts down on impression material and shipping costs. Just scan and send us your 3D image and we're able to start printing a model in minutes!

**Give us a call today and let us show you how
3D printing will revolutionize your practice.**

Actual mold printed from our 3D Printer

1745 W. Deer Valley Rd. | Building 1, Suite 112 | Phoenix, AZ 85027
